

### **DIRECTOR FOR SCOTLAND REPORT FOR 2021 AGM**

Unprecedented circumstances of lockdown restrictions for the last 18 months due to covid have been the most challenging time for not only powerlifting, but for every aspect of life and work. SP held a competition recently in Edinburgh, following the current rules of social distancing and restricted numbers and the necessary officials required to run a competition. There are two more competitions planned for October and November.

Current membership status is at 154.

We have a strong, stable committee, who are actively promoting powerlifting in Scotland. Having been director for Scotland since 2012, I have decided to stand down, allowing a younger more active person to take over the reins.

It's been a privilege and most of the time a great pleasure.

Alex Mathieson  
Director for Scotland
