

## Athletes' Commission Report for 2015

This was the first year of the lifter commission my first job was to find a team to make the commission.

Chairman - Dean Bowring

Team Members      Ellie Steel, Phillip Richard, Steven Tyers, William Murray, Ricky Mullan, Abi Graham

We have not had a great deal of feed back from lifters to anyone on the commission, but this could just be down to lack of advertisement.

I think we need to put the lifters commission out there a bit more for the forth coming year to try and find out what the lifters want.

The few question I have asked of the team; I have had good responses and it mostly just boils down to communication and Advertisement of comps on the website which has improved towards the end of the year.
