Team points Calculation

Be at least 18 and no older than 25 years of age on 31st December of the year of the event + Scoring as per IPF rules 8-11

8. Point scoring for all World, Continental and Regional Championships shall be: 12, 9, 8, 7, 6, 5, 4, 3, 2 for the first 9 placing in any bodyweight category. Thereafter, each lifter who makes a total in the competition shall be awarded one point. Point scoring for all national competitions shall be at the discretion of the national federation.

9. Only the point scores of the five best placed lifters of each nation will be counted for the team competition at all international championships. In case of a tie in points scored, final team placing shall be decided for team awards as in item 11. If a member of a team is found to have committed a violation of the IPF Anti-Doping Rules during an Event where a team ranking is based on the addition of individual results(points), the points of the Athlete committing the violation will be subtracted from the team result and may not be repeated by the resulting points of another team member.

10. Any nation having been a member of the IPF for more than three years should include at least one international referee among its team officials at world championships. If a referee from that nation is not present or, if present, makes himself unavailable to act in the capacity of either referee or member for jury during the championships, then only the four best placed lifters from that nation will be counted for the team competition.

11. Team awards shall be given for the first three places with Medals, 5 Gold to the Best Team, 5 Silver to the 2nd Best Team and 5 Bronze to the 3rd Best Team. In the case of a tie for the classification of a team or a nation, the team having the largest number of first places will be ranked first. In the case of a tie between two nations having the same number of first places, the one having the most second places will be classified first, and so on through the placing of the maximum of five scoring lifters. Should teams or Nations finish equally after this procedure has been applied, then the team or Nation with the greater total number of IPF points will be declared the higher placed.
