

Classic Team Head Coach Confirmation

11th March 2025

Following on from the recent changes to the IPF bylaws, we wish to confirm that Matt Gary is now member of British Powerlifting.

Through lobbying the IPF, this rule change is a great step forward towards professionalising our sport. This of course has to go through a process, and we thank those who supported us in our application for their time, and patience in this matter.

With the permission of Powerlifting America, Matt will be joined by Sioux-z Gary as our dedicated female coach for the upcoming European Classic Open.

We wish you luck and thank you for your continued commitment to our sport Matt, and wish our European Classic team, athletes, and officials, the best of luck at the upcoming Championships.
