

Message From The Board

Dear Members of British Powerlifting,

We understand that recent leadership resignations may have raised concerns, and we want to assure you that our operations remain stable and well-managed.

Our organisation is built on a foundation of resilience and adaptability, and we are fully equipped to navigate this transition smoothly.

The board, together with a dedicated team of committed members - is actively involved in overseeing the continuity of our operations and ensuring that our strategic objectives are pursued without interruption.

We are prioritising the advertising and appointment process for both the CEO and Chair roles and will share an update on that in due course.

If you require any support relating to any of the vacant portfolios, please email us at: board@britishpowerlifting.org

We appreciate your continued support during this time.

Sincerely,

Board of Directors
